Cervical Memory Foam Pillow

Information for use

Thank you for purchasing this Cervical Memory Foam Pillow from DMD Collective. Now you're ready to experience better, more comfortable rest. But before that please read through ALL the information in this document and keep it for future reference.

Care and Safety Guidelines

- Only the outer cover is machine washable – the inner foam must not be washed.
- Keep away from fire & flames.
- Allow up to 48 hours for memory foam to fully expand after unpacking.
- Do not wash or submerge the memory foam core.
- Not intended as a medical device – consult a healthcare professional if unsure about suitability.
- Do not use if the product is damaged or misshapen.
- Store in a dry, cool place when not in use

To Remove the Washable Cover

- Release the press stud fastening and lift the flap located at the rear of the cushion to access the concealed zip.

To Adjust the Height of the Cushion

1. Release the press stud fastening and lift the flap located at the rear of the cushion to access the concealed zip.

2. Unzip and open the cover to reveal the two internal foam sections.

3. Unzip and open the cover to reveal the two internal foam sections.

4. Remove the section that is not required.
