Chrysilis Hanging Egg Chair

Information for use _____

Intention For Use

Thank you for purchasing the Chrysilis Hanging Egg Chair from Streetwize Garden. This super comfortable hanging egg chair is perfect for use both outdoors and indoors.

For outdoor use, it is ideal for patios, decking and balconies which have level, hard floors. It is NOT suitable for use on grassy or uneven terrain which you will find in caravan/ motorhome parks, beaches and local parks.

For indoor use, you can place it inside conservatories, sun rooms and lounges.

PLEASE NOTE: This hanging egg chair does swing, so when positioning this chair please be mindful that you have sufficient space around the egg chair.

This egg chair is designed for a single person. It should NOT be used for sitting 2 or more people as it risks sustaining a personal injury and damaging the chair.

Before assembling and using this hanging egg chair, please read through all the information in this document. Please keep this document for future reference.

Product Elements

| 4. Rubber feet x 4 | 9. 15mm Bolts x 2
(For Frame Bolts) | 13. Coiled spring hook |
| 5. Rattan basket (folded) | | |

Assembly Instructions

IMPORTANT: To assemble this product you will need 10 & 15mm spanners (not included).

Fig. 1

1. Carefully remove all the elements from its packaging, lay all of the components on the floor, and dispose of the packaging in the correct manner.
2. First, you need to assemble the frame. Take each of the leg poles and the rubber feet. Push the rubber feet onto the leg poles. Please ensure you firmly push the rubber feet onto the pole. See Figure 1.

Fig. 2

Fig. 3

Fig. 4

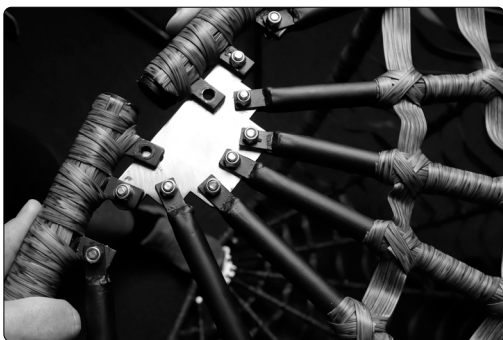

Fig. 5

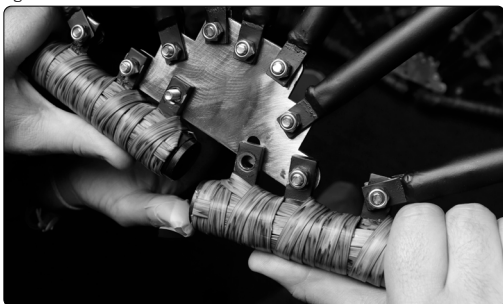

Fig. 6

3. With the lower frame pole and the four leg poles (now with rubber feet attached), assemble them together via the inlets located at the bottom of the frame pole. Secure them in place with the tightening bolt. See Figure 2.
4. Then stand the bottom frame up. If needed, please rotate the rubber feet so that the non-slip grip is touching the floor first.
5. Then, insert the upper frame pole to the lower frame pole, see Figure 3. Secure in place using the supplied bolts. You will need a 15mm spanner to secure the bolt, see Figure 4.
6. Once the frame has been assembled, it is time to unfold and set up the rattan basket. Get the rattan basket, then unfold it so that it fully expands (Figure 5). Secure one of the Allen bolts and 10mm nuts in place onto the bolt plate situated on the top of the basket (Figure 6). You will need a 10mm spanner and the supplied Allen key to secure in place. Please do not fully tighten the bolt in place. Only loosely secure the bolt.

IMPORTANT: When securing the bolt, please ensure the threaded end is pointing outwards, away from the basket as illustrated in Figure 6.

WARNING: Take extra care when unfolding the rattan basket. Risk of fingers getting trapped.

7. Then, with two people, expand the basket fully so that the other hole that you need to bolt on is fully aligned. Once aligned, please bolt into place using the method described in step 4.
- WARNING:** You will need TWO people involved when expanding the basket and aligning the bolts. Do NOT fully tighten the bolts once the basket has fully assembled.
8. Secure the bolts at the bottom of the basket. Again, two people will be required to ensure the holes are properly aligned.
9. Once assembled, tighten the bolts using a 10mm spanner and the supplied Allen key.

Fig. 7

10. With the hook pin, insert it into the pre-drilled hole located at the top of the upper frame pole. See Figure 7.

Fig. 8

11. Attach the coiled spring hook to the hook pin as shown in Figure 8.

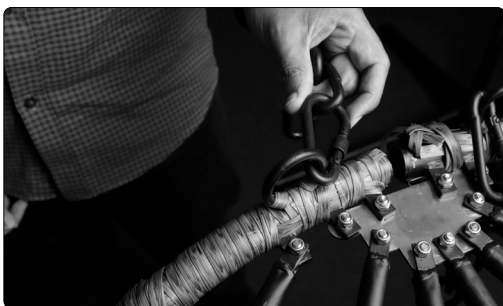

Fig. 9

12. Secure the supplied basket chain onto the basket's ring hook. The chain's spring hook will secure onto the basket's ring hook (see Figure 9). The spring hooks feature a screw sleeve to secure in place (Figure 10). Please unscrew the screw sleeve on both spring hooks in the first instance to open the spring hooks.

Fig. 10

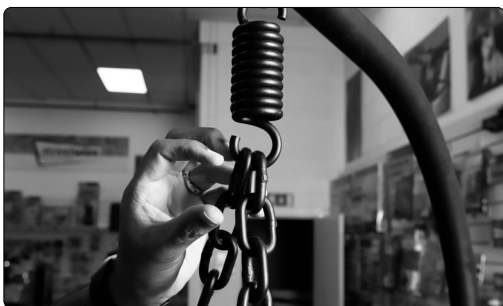

Fig. 11

13. Hook the chain onto the frame. See Figure 11.

14. Furnish the rattan basket with the seat cushion and neck pillow. With the neck pillow, you will need to use the straps to tie it onto the rattan basket. Once done, assembly is complete.

After Use

When not in use, especially when outdoors, we advise that you use a suitable cover (not included). During the colder months, place the chair into storage.

While disassembling is not required during storage, should you wish to disassemble the chair to save space, then please follow assembly instructions in reverse.

Health and Safety

- We recommend that two people are involved in assembling this egg chair
- Take extra care when unfolding the rattan basket. Risk of fingers getting trapped.
- This product is designed for sitting one person. Two or more persons should never attempt to sit on the egg chair. Risk of harm and risk of damage to product.
- This product is not a toy. Please supervise children at all times when they are using or near this product.
- Do NOT jump onto the egg chair. Risk of injury
- Do NOT climb on the egg chair's frame.
