

SWGSL252

Streetwize Garden Solar Deck Lights (Pack of 4)

Information for use _____

How does it work?

These solar deck lights each have its own solar panel situated on the top. The solar panel absorbs solar energy during the day to recharge the included rechargeable battery. At night, the LED lights automatically illuminate, bringing charm and personality to your garden area.

Assembly Instructions

1. Remove the product out of its packaging.
 2. For each solar deck, assemble the ground spike. Each spike comprises two components that slots together.
 3. Push the ground spike into soft ground such as a flower/garden bed.
-

On First Use

Before using this product, we advise that you fully charge the battery by placing the solar panels under direct sunlight for a full 24 hour period.

Where to place the solar panel

The solar panels on these stake lights **MUST** be under **DIRECT SUNLIGHT** in order for the battery to charge.

We highly advise to avoid positioning the solar panel where there is a lot of shade or there is low light as this will prevent the battery from getting charged. And we also advise to not position the light near sources of artificial light that come on at night such as street lights as this will affect performance of the light.

Other factors such as weather conditions and the number of hours of daylight will also affect the performance as well.

Turn On and Off

The switch is located on the base of the unit. To turn on, simply set to 'ON'. To switch off, just set to 'OFF'.

Maintenance & Troubleshooting

1. Make sure the switch is set to the “ON” position.
2. Keep the solar panel clean.

ATTENTION: The battery in this product cannot be replaced. When the battery life has depleted, the product must be recycled or disposed of in accordance with your local authority guidelines. Do not dispose of these near an exposed heat source or open flame or into your normal household waste.

Health & Safety

- Do not use the lights if the insulation or bulb have been damaged.
- Never allow the product to come into contact with excessive heat or naked flame.
- This product is not a toy. Keep away from pets and children, ensuring that children are supervised at all times.
- When disposing of this product, please do so in line with your local authority guidelines.
